

**Can Social Media
Save Education?**

What is Education?

Education is

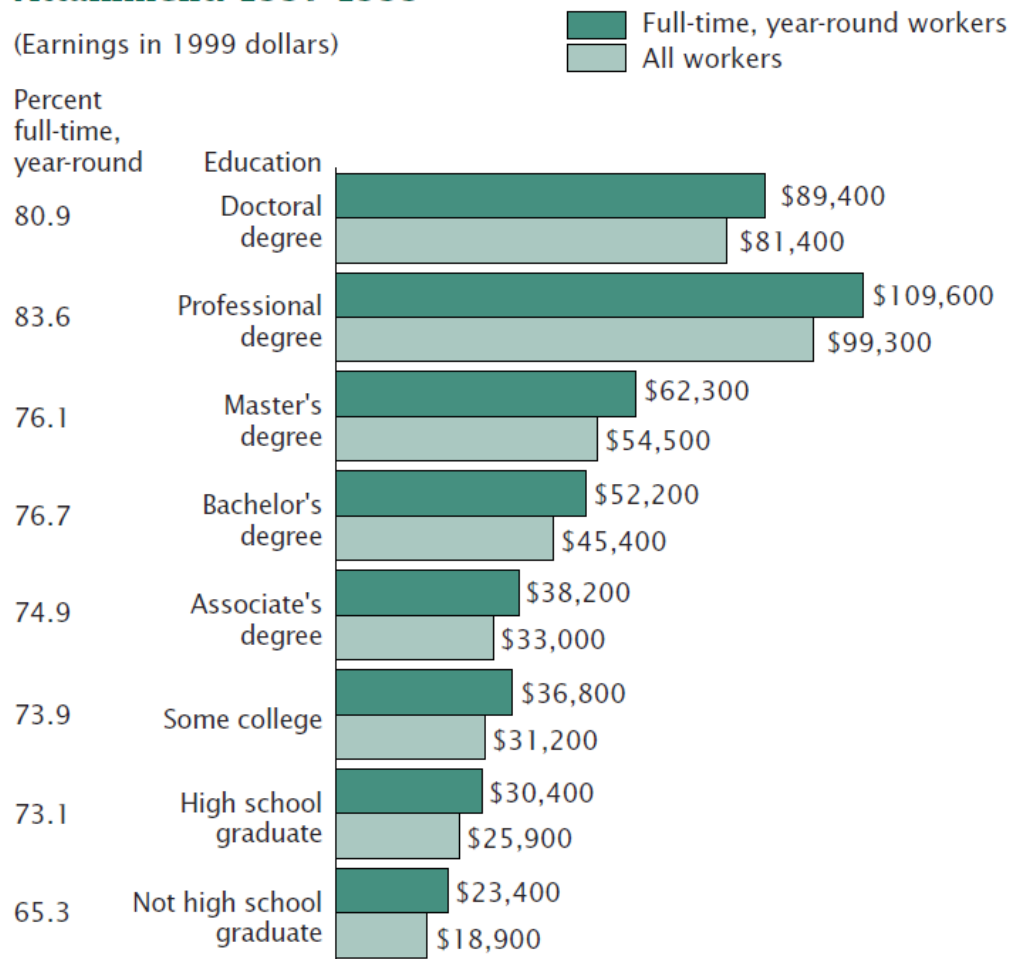

knowledge.

Education Pays For Its Investment

Figure 1.

Work Experience and Average Annual Earnings of Workers 25 to 64 Years Old by Educational Attainment: 1997-1999

(Earnings in 1999 dollars)

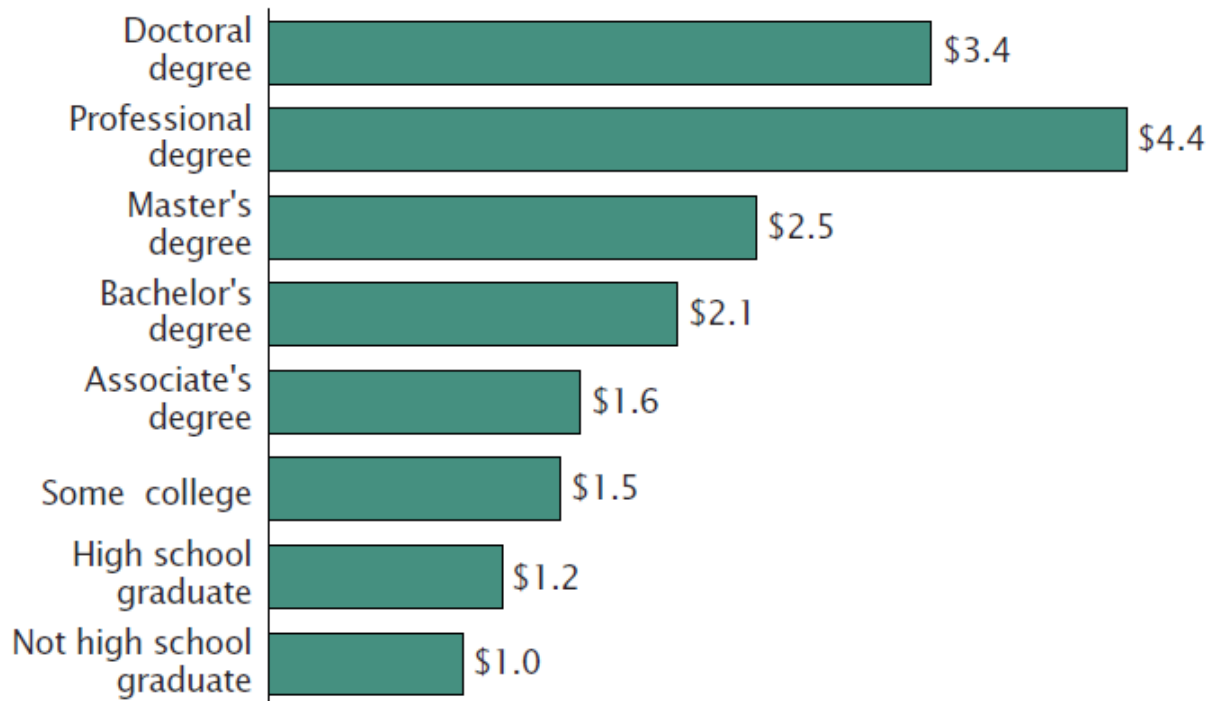

Source: U.S. Census Bureau, Current Population Surveys, March 1998, 1999, and 2000.

Education Pays For Its Investment

Perry to Push Texas Colleges to Offer \$10,000 Degree

- *Feb. 8, 2011*

<http://www.texastribune.org/texas-state-agencies/governors-office/perry-to-push-texas-colleges-to-offer-10000-degree/>

... and what he wants:

Text Books Included

**School facilities
will become digitized,
where even gym class
can happen via a virtual
environment ...**

Education is
Communication

Social Media is
Networking

Social Education is
**Networked
Communication**

Social Education Makes Everyone An Educator!

According to a 12-year Study by
the Department of Education:

“On average, students in
online learning conditions
performed better than those
receiving face-to-face
instruction.”

<http://bits.blogs.nytimes.com/2009/08/19/study-finds-that-online-education-beats-the-classroom/>

twitter

Blackboard

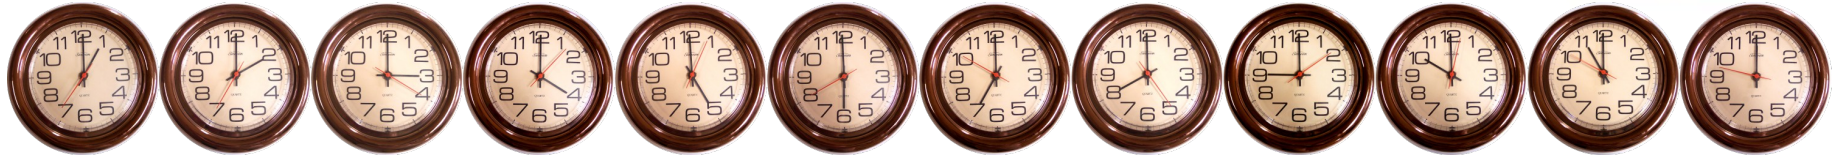

facebook

meebo

moodle

**Online schools allow
Students, Teachers,
and Administration
to become
24 hour operators.**

Imagine if Teachers became Celebrities ...

What would it do?

**Social Education
can Teach
Anything at Anytime to Anyone**

**... and allows
Anyone to Learn
Anything, Anywhere, Anytime**
